

Performance-based (Classroom Activity)

English Year 5

Unit 1: Towns and Cities

Activity: Create a Town or City Model

Instructions:

1. Divide the students into small groups.
2. Each group will be assigned a specific town or city to research and create a model of.
3. Provide the students with materials such as cardboard, paper, craft supplies, and colouring materials.
4. Instruct the groups to research and gather information about their assigned town or city, including its landmarks, buildings, transportation, and notable features.
5. Encourage the students to be creative and use their imaginations to design and construct a three-dimensional model of their assigned town or city.
6. The model should include key elements such as buildings, roads, parks, and any other important features that represent the town or city accurately.
7. Once the models are completed, ask each group to present their model to the class, explaining the key features and interesting facts about their assigned town or city.
