Sample Answers

1. My favourite season is summer. I like it because the weather is warm and sunny. During summer, I enjoy going to the beach, swimming, and having picnics with my family and friends. (Or any suitable answers by students)
2. If I were to plan a vacation, I would choose to travel during spring. I love the mild weather during that season, not too hot or too cold. I would like to visit places with beautiful blooming flowers and maybe go hiking or have a picnic in a park surrounded by nature. (Or any suitable answers by students)
3. My daily routines change with each season. During winter, I wake up a bit later because it gets darker in the mornings. I also wear warmer clothes and drink hot chocolate to keep myself cosy. In summer, I wake up early to make the most of the longer daylight hours. I enjoy playing outdoor sports and eating lots of ice cream to cool down. In autumn, I notice the leaves changing colours, so I like to go for walks in the park and collect colourful leaves. And in spring, I feel more energised, so I often do outdoor activities like biking or gardening. (Or any suitable answers by students)
