Sample Answers

1. The school objects that I use every day are pencils, erasers, and notebooks. They are important because I need pencils to write and draw, erasers to correct my mistakes, and notebooks to write down my lessons and homework. (Or any suitable answers by students)
2. I find Math to be the most challenging school subject. It's difficult for me because there are many calculations and formulas to remember. Sometimes, I get confused with numbers and solving problems, but I'm trying my best to practice and understand it better. (Or any suitable answers by students)
3. If I could add a new subject to my school timetable, I would choose "Creative Arts." I love drawing, painting, and making crafts. Having this subject would allow me to explore my creativity and learn new artistic skills. It would also provide a way for me to express myself and relax during school hours. I believe it would benefit other students who enjoy art and provide a creative outlet for everyone. (Or any suitable answers by students)

Section C
