

## **Performance-based (Classroom Activity)**

### **English Year 5**

#### **Unit 3: Wild Life**

Activity: Animal Charades

Instructions:

1. Write down a variety of animal names on separate index cards or small slips of paper. Include animals mentioned in the previous lessons.
2. Mix them up and place them in a container or hat.
3. Divide the class into small groups of 3-4 students. Each group will take turns performing and guessing the charades.
4. In each round, one student from the group will draw a card from the container without revealing it to others.
5. They will then act out the animal written on the card, using gestures, body language, and facial expressions, but without making any sounds or using words.
6. The other students in the group will observe and try to guess the animal being portrayed.
7. Rotate the roles within each group, allowing every student to have a chance to act out and guess the charades.
8. Encourage students to reflect on the importance of adaptation and survival strategies in different animal species.
