

Performance-based (Classroom Activity)

English Year 3

Module 4: Year in, Year out

Activity: Weather Forecast Skit

Instructions:

1. Divide the students into small groups of 4-5 members.
2. Assign each group a specific weather condition (e.g., sunny, rainy, cloudy, snowy).
3. Instruct the groups to create a short skit or play that includes a weather forecast segment.
4. Each group should plan and perform a skit that showcases the assigned weather condition and includes the following elements:
5. Introduction of the weather reporter and their roles.
6. Discussion about the current weather condition and its characteristics.
7. Presentation of a weather forecast for the upcoming days, including the temperature, possible changes, and any special events or activities affected by the weather
8. Encourage the groups to be creative and use props, costumes, and simple stage setups to enhance their skits.
9. Provide some time for each group to rehearse and prepare their skits.
10. Allow each group to perform their skit in front of the class.
11. After each performance, encourage the audience to ask questions related to the weather forecast or provide feedback on the skit.
